

SEMI-WEEKLY SOUTH KENTUCKIAN.

FRIDAY, SEPTEMBER 18, 1885.

CHAS. M. MEACHAM - Editor.

The case of Maxwell, the St. Louis trunk murderer, has been set for Oct. 19th.

The New York Daily World now claims a circulation of \$200,000 copies—the largest of any paper in America.

A stock company has been formed at Louisville to begin the publication of a new illustrated paper to be called the Town and Country.

Miss Ada Sweet, the Chicago Pension Agent who refused to resign, has been removed and Mrs. Mulligan, the widow of a Federal soldier, takes her place.

Emory A. Storrs, the well-known Chicago lawyer, died very suddenly of paralysis of the heart, at his room in the hotel at Ottawa, Ill., Sunday morning.

Hugh C. Wallace, whom the President has appointed receiver of public moneys for Utah, at a salary of \$6,000, is but 21 years of age and is the youngest man ever appointed to a responsible Federal office.

Sam W. Small, the well-known Atlanta journalist and humorist, has been converted and has gone to preaching. The affair is the sensation of the day in Atlanta, where Small has lived a pretty fast life.

So far as we have observed the Fulton Philonian and the Central City Argus are the only papers in Western Kentucky that favor a blue grass man for Speaker, instead of the candidate of their own end of the State.

The first boat race of the season between the Puritan, of Boston, and the Genesta, of England, took place from New York Monday, a distance of 38 miles. The Boston Yacht won the race by 16 minutes and 19 seconds, making the run in a little over six hours. This race is the first of a series of three calls for the international cup.

Mr. Geo. H. Pike, late of the Elkton Progress, has purchased of Mr. Webb Watkins his one-half interest in the Cadiz Telephone and will take possession on the 25th inst. The other half of the paper is owned by Mr. A. T. Wimberley, postmaster at Cadiz. We may look for improvements in the make-up of the Telephone when Mr. Pike takes charge of its mechanical department.

WASHINGTON, Sept. 11.—The President made the following appointments to-day: To be consuls of the United States: Henry W. Gilbert, of New York, at Trieste; James M. Rose, of New York, at Three Rivers, Canada; Moses A. Hopkins, of North Carolina, to be Minister Resident and Consul General of the United States to Liberia; Irwin Dugan, of Louisville, to be Supervising Inspector of Steam Vessels for the Sixth district.

A desperate shooting took place at Owingsville Tuesday between Moses and James Ballard on one side and a sheriff's posse on the other. Jack Ballard had just been sentenced to the penitentiary for 20 years for murder and his brothers opened fire on the guards, who were returning him to jail. The guard returned the fire killing both the Ballards instantly. Jack Ballard escaped but was recaptured. The guards were unhurt.

A passenger train while running at a high rate of speed on the Kentucky Central road, near Lexington, jumped the track and plunged down an embankment of twenty feet, Tuesday. Frank Watts, engineer, and H. C. Berger, fireman, were instantly killed and 14 other persons wounded, some of them seriously. T. J. Nichols, the well-known horse-man, had a hip broken and was, perhaps, fatally hurt. The back coach did not leave the track. The engine, baggage car and two coaches were derailed.

The Court of Appeals has affirmed the following cases: Chas. E. Wynn, Caldwell, given 10 years for killing W. R. Cuyler in Princeton, Dec. 1882; Moses Everhart, Warren, given 7 years for detaining Idemina Jones against her will; Jesse Brown, Monroe, given 2 years for burglary. The case of Elsie Frey, col., sentenced for 3 years for attempting to conceal the birth of an illegitimate child, from Lyon, was reversed on account of a defective indictment.

LEXINGTON, Ky., Sept. 10.—The first trouble under the bonded extension bill passed by the last Congress for the relief of distillers has arisen in the seizure of 1,000 barrels of whiskey belonging to John H. Thompson, of Harrodsburg. He had it bonded for export till September 7, but did not ship till the 8th, on which day he sent a new bond to the collector of the Eighth district, who refused to receive it, and ordered the shipment to be seized, which was done in this city. The whiskey was already on the Chesapeake and Ohio railway, billed to New York for export to Australia, and the railway officers, despite the seizure, sent it on to Ashland, Ky., where it is now held till it be determined whether the owner must only pay the export tax, \$10 on the lot, or the internal revenue tax, amounting to about \$35,000. The decision will be looked to with great interest by all distillers.

CHOLERA IN EUROPE.

Rapid Decrease in Spain.

PARIS, Sept. 12.—A few cases of cholera and deaths from the disease are daily reported from various towns in the South of France.

TOULON, Sept. 12.—There were four deaths here from cholera last night. The weather is cooler and the disease is gradually disappearing.

MADRID, Sept. 12.—Throughout Spain to-day 1,464 new cases of cholera and 428 deaths have been reported. Rome, Sept. 13.—At Palermo, to-day, there were 10 new cases of cholera and 4 deaths from the disease, and at Parma 22 new cases and 12 deaths.

PARIS, Sept. 13.—At Marseilles to-day there were eight deaths from cholera, and thirty two patients remain under treatment in the Pharo hospital.

AT Toulon only three deaths have been reported to-day, a decided decrease in the mortality. The suddenness of the invasion and fatality, however, continue to alarm the people.

MADRID, Sept. 14.—The reports of cholera for the week ending last night show that the disease is stationary in the provinces of Santander and Barcelona, and in all other infected provinces there has been a steady decrease. A fair ratio in regard to the latter assertion is taken from the Province of Granada. Yesterday there were only 72 cases of cholera and 25 deaths reported in that province, while on Sunday, the 6th inst., there were 334 new cases and 42 deaths reported.

There were 1,016 new cases of cholera and 625 deaths from the disease reported yesterday throughout Spain.

TOULON, Sept. 14.—Only two persons died of cholera in this city to-day. Not a single death from cholera was reported here last night. The shops are re-opening and refugees are returning to the city. There are only 71 cases of cholera at present under treatment.

ROME, Sept. 15.—The Government has begun issuing cholera bulletins. The first shows that from the 6th to the 13th inst., there were 146 cases and 86 deaths reported in infected districts of Italy. Yesterday there were reported 4 new cases and 4 deaths at Palermo and 15 new cases and 4 deaths at Parma.

MARSEILLES, Sept. 15.—Seven deaths from cholera were reported in this city yesterday. Thirty patients remain under treatment in the Pharo Hospital. No more bulletins will be issued here.

TOULON, Sept. 15.—Two deaths from cholera were reported here last night.

MADRID, Sept. 15.—There were 1,075 new cases of cholera and 371 deaths from the disease reported throughout Spain yesterday.

MARSEILLES, Sept. 16.—In the twenty-four hours ending at midnight Tuesday no death was reported at the Pharo Hospital.

ROME, Sept. 16.—During the past twenty-four hours there were nine new cases of cholera and three deaths from the disease reported in Palermo, eight new cases and seven deaths in Parma.

Resolutions.

At a meeting of the Board of Directors of the Bank of Hopkinsville, held on Thursday, Sept. 10th, 1885, the following resolutions were offered by E. P. Campbell, and unanimously adopted by the Board:

WHEREAS, Since the last regular meeting of this Board on Aug. 27th, 1885, John C. Latham, a member of this Board, and also President of the Bank of Hopkinsville was removed by death on Aug. 30th, 1885, and

WHEREAS, John C. Latham had served continuously as a member of the Board of Directors and also as President of the Bank of Hopkinsville from the organization of said Bank on May 22, 1863, to the time of his death, and to the universal satisfaction and approval of the stockholders, Directors and officers of said Bank and the business of the public and patrons thereof, and had achieved by the labors of his life, for fifty years spent in this community a reputation for sterling worth and integrity, which has never been surpassed by any citizen of Christian Co., and to which few have ever attained, Therefore,

Resolved, That though our greatly esteemed friend, and President of this Bank, John C. Latham, spent a long and useful life in this community, and might have justly said, "I have finished my course," still we mourn his loss, and feel that our loss in his eternal gain, and that this Bank over which he presided for so many years has lost a tower of strength by his death. No citizen of Christian Co., ever held a higher place in the esteem and confidence of this community, and no one ever died in our midst whose loss will be more sorely felt, or more universally beloved and regretted. Words but poorly express the heartfelt regard and great esteem in which he was held by the people of Hopkinsville and Christian Co., and not only as a Bank officer and leading business man for so many years, but also as a Christian gentleman whose life was blameless and without reproach. He was faithful to every trust ever confided to his care and a true man in all the relations of life. No monument will better perpetuate his memory than the labors of his life, his good deeds and the hearts impressed by his kindness. And his sterling worth, unflinching integrity and self-sacrificing labors, in behalf of the community in which he lived, his generous aid to every worthy public enterprise will long cause him to be remembered as combining all

the qualities of the model citizen. Resolved, That we tender to his bereaved family our sincere condolences in their affliction and sorrow and ordered that these resolutions be entered upon the minutes as a part of the proceedings of this Board, and that a copy thereof be furnished to the family of the deceased and be also published in the Hopkinsville papers.

Sells Bros. Circus.

The following from the Louisville Commercial speaks for itself and requires no introductory remarks from us. It is clipped from a lengthy article.

THE CIRCUS.

Of all the circuses and menageries that have visited Louisville this season, the Commercial has no hesitancy in saying that Sells Brothers' monster menagerie and quadruple circus which exhibited here yesterday afternoon and last night, stands at the head of the list. Sells Bros., gave an exhibition that was superior in several particulars. The street parade was the finest ever witnessed in Louisville, and to this fact may be attributed in no small measure the immense audiences of the afternoon and evening, on both of which occasions the mammoth tent was crowded almost to suffocation.

Of the many really excellent specialties it is impossible to speak at length. Suffice it to say the programme was first-class throughout and all departed from the grounds with the satisfaction of knowing that they had received the worth of their money. The big show will be here Wednesday, September 30th.

THE CHRISTIAN COUNTY A. & M. A.

now in its 21st year, since its re-organization, points with pride to the fact that while other like societies have failed and been abandoned, she has kept the even tenor of her way, and has never failed or refused to pay all the premiums awarded. This she has been able to do, because the people have turned out and have made our meetings the day for an Annual Re-union of families and friends, but if the people fail to patronize us then we cannot pay as we must rely on our gate receipts to meet the demands upon us.
